

VIVEK PODDAR

UI/UX & Product Designer

Kolkata, India | +91-8597449308 | vivekpoddar.work@gmail.com | linkedin.com/in/vivekpoddar-work
Portfolio: poddarvivek.github.io | Case studies: poddarvivek.github.io/case-studies | github.com/PoddarVivek

SUMMARY

UI/UX and product designer with an engineering degree from NIT Kurukshetra and three live products across fintech, edtech and healthtech. Delivers user-centred design end to end: user and domain research, user journeys, wireframes and prototypes, responsive UI and launch, with two published case studies documenting each design decision. Combines design with data analysis (Python, SQL, Power BI) and stakeholder management to ground decisions in evidence and define success metrics.

EXPERIENCE

Founder's Office — Business Relations & Research, Butter Search

Jul 2026 – Present

Executive search firm for VC-backed startups

- Spearheaded client research and prioritisation, segmenting VC-backed startups by funding stage, sector and leadership gaps to build a ranked prospect pipeline.
- Led discovery conversations with founders and stakeholders, translating business needs into structured requirement briefs to establish long-term client relationships.
- Built an Excel-based pipeline tracker and analysed response and conversion trends to sharpen targeting and messaging.

Freelance UI/UX & Product Designer

Aug 2026 – Present

Independent client projects in financial services and education | [Case studies](#)

- Revived a defunct [NBFC lending website](#) that generated no leads; restructured the information architecture around borrowers' needs, surfaced RBI trust signals upfront, designed an interactive EMI calculator and placed one-tap contact in every section.
- Launched a home tutor's first [online presence](#); designed separate user journeys for parents and students and replaced an unused enquiry form with a pre-filled WhatsApp enquiry flow.
- Delivered both end to end, from research and wireframes to mobile-first UI, a design system and deployment; integrated Supabase to track enquiries.

Product Analytics & Development Intern, Growup

Jun 2024 – Jul 2024

Remote

- Collaborated cross-functionally with product managers, developers and designers; prototyped features to improve customer engagement and conversion.
- Integrated 20+ REST APIs for data collection and workflow automation, and improved operational data reliability by 30%, enabling accurate KPI tracking.

PROJECTS

ClinicAI — AI Front Desk for Independent Clinics | [Live](#)

Healthtech | Personal project

- Conceptualised, designed and built a SaaS AI receptionist that answers calls in English, Hindi and Bengali and books into each clinic's real schedule.
- Designed a doctor-approval dashboard, a 5-step onboarding wizard and a self-serve patient portal; defined a North Star metric of AI-booked appointments per clinic per week.

HyperScan KYC Flow & Park+ Teardown | [Case study](#)

UX | PRDs

- Designed a digital KYC flow with real-time ID feedback, auto-crop and selfie verification; audited Park+ onboarding and authored a teardown and PRD proposing a fix for its friction point.

Data & Insight Projects

Python | SQL | Power BI

- Analysed 15,000+ customer records to identify churn drivers and at-risk segments; built [T20 World Cup](#), [Netflix](#) and [hospital equity](#) analyses.

SKILLS

Design: UI design, UX design, Figma, wireframing, prototyping, user flows, user journeys, information architecture, interaction design, design systems, responsive and mobile-first design

Research & product: user research, market research, competitive analysis, product teardowns, PRD writing, success metrics, stakeholder management

Tools & code: HTML, CSS, JavaScript, Next.js, Supabase, Git, Vercel, Python, SQL, Excel, Power BI, Tableau

Certifications: GenAI Powered Data Analytics (Tata, Forage, 2026); The Complete SQL Bootcamp (Udemy, 2025)

EDUCATION

B.Tech, Electronics & Communication Engineering — NIT Kurukshetra

2022 – 2026

LEADERSHIP

- **Logistics Lead, Confluence** (NIT Kurukshetra annual fest): spearheaded logistics for marquee acts, coordinating 10–15 vendors, stage operations, artists and audience flow.
- **Committee Head**, Model United Nations and Confluence 2025; **Publicity Head**, ELAD literary and debating club; district-level cricketer (CAB).
